

## Web Designer / Developer

Artsgraphica is a small but dynamic Interactive Design Agency based in North Lincolnshire. We solve problems and communicate ideas through good design and simple thinking (plus the occasional website)

We have an immediate vacancy for a versatile Web Designer / Developer with 2 years + commercial experience and an eye for great design. The successful candidate should be flexible and self-motivated with an in-depth knowledge of Internet technologies. They should want to grow their skills and have ambition to become a key player in a successful team.

### Essential Qualities

- Excellent design and communication skills
- Enjoys problem solving and creative thinking
- Friendly professional attitude
- Self-motivated

### Desirable Qualities

- A specialist subject (e.g PHP, FLEX, AJAX, UI, SEO)
- Good telephone manner
- Good spelling and grammar
- Good taste in music :)

Closing Date: 23rd May 2008 with interviews w/c 26th May  
Permanent full time role, Salary on experience, Flexible working time available.

Please send CV, along with covering letter and supporting materials to:
